結崎さんはなげる！

The Following pages have not been translated
But I've included them anyways.

Why not?

Have you ever tried to read scribble?

The translator offered me the scribble,
or a chapter of something else faster IE. next volume

Which would YOU choose?

Yes, he agreed that if he ever got bored, he might revisit it
Keep in mind however, he's got a mile high stack of translations

Unless you'd like to do some of it for him?

Like Brave Star Romantics

)

He did let me know
it just seems to be the author
thanking his readers for reading
and stuff like that
